Charleston County Hosts Public Meeting on Palmetto Commerce Interchange Project

Discussions regarding proposed infrastructure project to be held at Northside Baptist Church on October 17

[Charleston County Government](#) will host a public meeting to discuss the proposed infrastructure project for the Palmetto Commerce Interchange. The meeting will be held Tuesday, October 17 from 6:00 p.m. to 8 p.m. at Northside Baptist Church, 7800 Northside Dr. North Charleston. It will be an open house format with a project presentation at 6:30 p.m. Attendees will have the opportunity to review exhibits, and meet one-on-one with Charleston County and project team representatives. Note that this meeting will not be a forum for spoken public comment. However, such a meeting will take place at a later date and will be announced/advertised in advance.

The goal of this project is to improve traffic by providing a connection between I-26 and Palmetto Commerce Parkway as well as several roads between Ladson Road and Ashley Phosphate Road. The preliminary design process began in 2013 and is currently underway. Charleston County gathered input from the community in 2014 when the project was first presented. That input has been taken into consideration and the updated project will be presented at the next community meeting on October 17.

The Palmetto Commerce Interchange Project will include:

- A new interchange on I-26 between US 78 (University Boulevard) and Ashley Phosphate Road.
- A new westerly connection to Palmetto Commerce Parkway, Weber Boulevard and Northside Drive.
- Access for future development on approximately 1,000 acres of adjacent property.
- A safer direct route for workers traveling to facilities in and nearby Palmetto Commerce Park.

Construction is scheduled to begin in September 2020 and to be completed in 2023.

Visit the official website at <http://roads.charlestoncounty.org> for public meeting notices and up-to-date news and information about all Charleston County Transportation Sales Tax road projects. Anyone with questions about the project can call Charleston County's Transportation Development Department at (843) 202-6140.

For information on Charleston County Government news and services, the public can:
